

## **SVC Industry Award 2016**

---

Each year Angel Business Communications, publishers of *Digitalisation World*, *Data Centre Solutions Europe*, *Data Centre Solutions UK*, *Storage Networking Solutions International*, *Information Security Solutions* and *SVC Channel* recognise a significant contribution to or outstanding achievement in the industry – this award is not voted for by the readers but based on the publisher’s and editorial staff’s opinions.

The SVC Industry Award 2016 is awarded to DataCore Software

DataCore Software is a leader in software-defined storage. The company’s storage virtualization software empowers organizations to seamlessly manage and scale their data storage architectures, delivering massive performance gains.

Backed by 10,000 customer sites around the world, Datacore wins the SVC industry Award for 2016.
